Best place to learn privacy

Most recommended for those who are looking for training on privacy courses. Everyone from Tsaaro Academy are great(experienced) trainers especially Akarsh Singh, Sasikanth Akhilesh Maddiboyana & Rishi Wadhwa (I trained under them for CIPP/E). Their training + my efforts resulted in clearing the CIPP/E. What I personally liked in their training is their sessions are interactive and scenario based which will help you understand the concepts in detail. Another best thing about Tsaaro is they lets you take the refresher(live session) without asking any questions, which will give you great boost to your knowledge & help you crack the IAPP exams. Support team(Khushi, Anjali) is very friendly and approachable.
